EN 14351-1:2006+A1:2010

External pedestrian doors – Product: **natura**

Designed for use in buildings

Wind load:	npd
Watertightness:	npd
Height:	npd
Acoustic performance:	npd
Thermal transmittance (U-value):	
- Inward opening door 1230 x 2180 mm with 2 no. standard. glazings:	1,5**
- Outward opening panelled door 1230 x 2180 mm:	0,9**
Air permeability:	npd
Radiation properties – Solar factor:	0,72
Radiation properties – Light transmittance :	0,80

npd: no performance determined

**Regarding the thermal transmittance of actual doors, please contact Idealcombi A/S cf. EN 14351-1:2006+A1:2010, Table E.2 note d.
